

## Axle Tech Parts

Axle Tech Parts - AxleTech International is a leading supplier in the globe of specialty vehicle drive-train systems and parts along with off highway vehicles. The business prides itself on being its clients' preferred supplier. AxleTech strives to exceed and meet their customers' expectations for delivery, quality, service and technology. They believe in working within an environment that supports the utmost integrity with empowered teamwork, combined with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental safety and stewardship in how they do business. The company has put various programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with any questions or comments, because they are happy to share and promote this policy with a greater knowledge of their efforts. They are extremely devoted to improving and preserving the environment. AxleTech has an EHS program which not only protects the natural world but which even actively protects their employees and neighbors as well.

AxleTech specializes in the manufacture and designing of planetary axles utilized for both military and commercial applications, that can consist of anything from airport ground support to construction equipment. They take great pride in being an innovative drive-train solutions provider also. AxleTech specifically designs axles to meet specific application demands. They have more than one thousand different axle specs in their existing offering. With over one hundred years of skill and history, AxleTech proudly supplies the most complete solution for any of your axle needs. The company is well known in several commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement needs, together with servicing axle requirements for OE production. Their high mobility ISAS have added details that can be seen in the "ISAS" product collection.
