Advance-Nilfisk Parts - Imagine how tiresome it would actually be to clean up your own house right after throwing a big party, without help from cleaning machines. Back in the day, when upholstery and carpets had the dirt beat out of them by hand; cleaning cloths, brushes and brooms were the leading cleaning materials back then.

P.A. Fisker, the founder of Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Starting the business in the year 1906, he began to make motors to drive drills, fans, machine tools and coffee grinders. Mr. Fisker's dream from the start was to own a worldwide company marketing goods internationally.

The Nilfisk C1 was a tremendous breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed only 17.5 kilos and could be operated by a single person. This invention came in a time where other cleaning machines were very big and needed 4 or more operators, therefore, the Nilfisk C1 transformed everything and evolved the way we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning equipment provide an excellent solution to an existing problem; stuff get filthy and need to be cleaned regularly, without too much effort.

Gradually but progressively, Nilfisk-Advance grew throughout the decades. During the nineteen eighties, this growth actually took place when the business became a part of the NKT Group. Their new owners' ambition and focus made Nilfisk-Advance take a huge leap ahead within the trade, trying to be one of the biggest universal players in the market of professional cleaning equipment. Nilfisk-Advance is now found in all parts of the world due to gradually obtaining numerous small companies to be able to grow their product selection and presence in new markets. They are really proud to provide various cleaning solutions to fit each need.
