

Rockwell Parts

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to exceed and meet their clients' expectations for technology, delivery, quality and service. They believe in working within an atmosphere which supports the highest integrity with empowered teamwork, along with a relentless pursuit of results.

AxleTech International is a General Dynamics business. They believe strongly in actively utilizing principals of ecological stewardship and safety in how they do business. The business has put different programs in place so as to articulate these values in their business policy. AxleTech happily shares this policy and welcomes interested parties to offer them with whichever comments or questions, as they are glad to share and promote this policy with a greater knowledge of their efforts. They are extremely dedicated to improving and preserving the surroundings. AxleTech has an EHS program that not just protects the natural environment but which even actively protects their neighbors and workers as well.

AxleTech specializes in the designing and manufacture of planetary axles used for both military and commercial applications, that could consist of anything from construction equipment to airport ground support. They take great pride in being an innovative drive-train solutions provider as well. AxleTech particularly designs axles so as to meet specific application demands. They have over one thousand various axle specs within their present offering. With more than one hundred years of skill and history, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The business is well known in many military and commercial applications. They provide complete axle assemblies used for aftermarket replacement needs, together with servicing axle needs for OE production. Their high mobility ISAS have added details which can be seen in the "ISAS" product selection.
