

TCM Forklift Parts

TCM Forklift Parts - In the international industry of material handling, lift trucks play an important role for transporting industrial goods. Originally innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained recognition after World War II during the 1940s. Becoming an efficient and reliable means to material handling solutions, the practicality and need of these equipment spread globally.

First established as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's very first lift truck. Through the years, TCM lift trucks have become a global leader in forklift manufacturing and have built a solid reputation with the trade. TCM started building lift truck manufacturing sites outside of Japan in the 1980s and is currently engaged in lift truck manufacturer at three foreign factories in Europe, China and the United States.

With more than 50 years of accumulated expertise and technology, TCM has been proudly making various models of industrial trucks, making their models recognizable all around the globe. With a strong and energetic workers, TCM has been able to continually work towards becoming a future leading material handling business.
