

Concrete Hopper

Concrete Hopper - The self-dumping hopper accessory can automatically start to both dump and release when the bumper release contacts the side of a dumpster. Once unloading is done, the hopper can go back to original upright and locked position. This piece of equipment likewise comes with a cable that enables operation from the seat of the lift truck so as to have the choice of manually unloading the hopper. There is a locking chain provided to be able to lock the hopper to the fork truck. This particular product is made with consistent and reliable robotic welds for utmost strength. The lift truck dumping hopper also has a blue powder coat finish in order to maintain durability.
